

**Insurance Claim:**

**Claim Number:** 78523-TYH7

**Policyholder Name:** Emily Carter

**Policyholder Address:** 523 Oakwood Drive, Springfield, IL 62704

**Policy Number:** 9786-3021-ABCD

**Date of Claim:** February 15, 2025

**Type of Claim:** Home Insurance (Property Damage)

**Incident Description:**

On February 14, 2025, at approximately 4:30 PM, a strong storm with heavy rainfall and high winds passed through the Springfield area, causing a large tree to fall onto the roof of my house. The tree caused significant damage to the roof, and several shingles were displaced, allowing water to enter the attic. The water leakage has caused visible ceiling damage in the bedroom below.

The fallen tree has been removed by a local contractor, and I have attached the removal receipt for reference. I have also included photographs of the roof damage and the water stains on the ceiling.

**Damages:**

- Roof Damage (estimated at \$3,500)
- Water Damage (estimated at \$1,200)
- Temporary Roofing Repair (to prevent further water damage, \$500)
- Cleanup and Removal of Fallen Tree (\$600)

**Supporting Documents:**

- Photographs of the damage (attached)
- Contractor's report on tree removal (attached)
- Receipt for temporary roofing repair (attached)

**Policyholder Statement:**

I request reimbursement for the damages to my property under my homeowner's insurance policy. I have already taken initial measures to prevent further damage and am awaiting a professional estimate for the full roof repair.
